### Paragon Products Steel Plated Rebar Safety Caps

The PC-110 and PC-200 rebar caps sold by Paragon Products in Mt. Pleasant, IA is the best way to protect construction personnel from deadly impalement injuries.

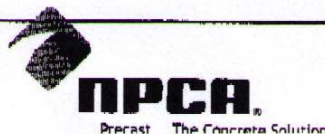

When extra protection is need on a jobsite, the PC-110 and PC-200 will meet the challenge. The PC-110 and PC-200 have been certified by CAL-OSHA to protect construction workers from impalement injuries caused by falls up to 7 ½ feet.

The Occupational Safety and Health Administration, and U.S. Department of Labor, has reviewed product data associated with the PC-110 and PC-200, and concluded that the protective devices would meet applicable Federal OSHA requirement relating to impalement injuries.

For more information on the PC-110 and Pc-200, call Paragon Products at 1-800-776-0385. Outside the U.S. call 1-319-385-1550.
